The digital dental lab with
real-time communication

Powering the future of digital dentistry

Our dental lab uses 100% digital workflows. That means fewer adjustments and more time back in your day. And with our revolutionary software, you can communicate with lab technicians in real-time. It's like we're with you in your operatory.

INCREASE TREATMENT PREDICTABILITY

With 3D digital design approvals and scanning collaboration software, you can interact with our technicians in real-time.

SCAN FOR MORE. PAY FOR LESS.

Get the #1 restorative scanner for free. And access innovative workflows like 2-appointment dentures and straight-to-finish partials.

ACCESS THE LAB OF THE FUTURE

Increase quality with world-class technicians, precise dental manufacturing technology, and proven digital workflows.
